

Pickleball Game System

Specifications — Pickleball Game System - 502300

Product Description

502300 Sleeve Style Pickleball System - Each system consists of one pair of standards, one pickleball net, and center tie down with net strap.

PICKLEBALL STANDARDS are 2-3/8" OD x 3/8" wall high strength steel mechanical tubing furnished with all necessary hardware. Each post has a sliding lock collar to anchor net and provide proper net tensioning. Sliding collar and post shall be finished with durable gloss black powder coat.

PICKLEBALL NET is constructed of #36 nylon 1-3/4" mesh. Double reinforce white vinyl coated nylon headband with enclosed top cable. Bottom and side include nylon reinforced bindings. Net measures 21'-9" x 36" and is designed for use on a 20' wide court with standard placed at 22' 0" inside-to-inside.

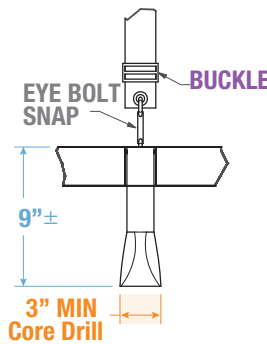

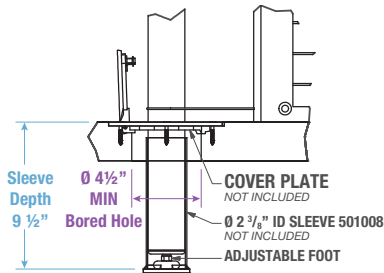

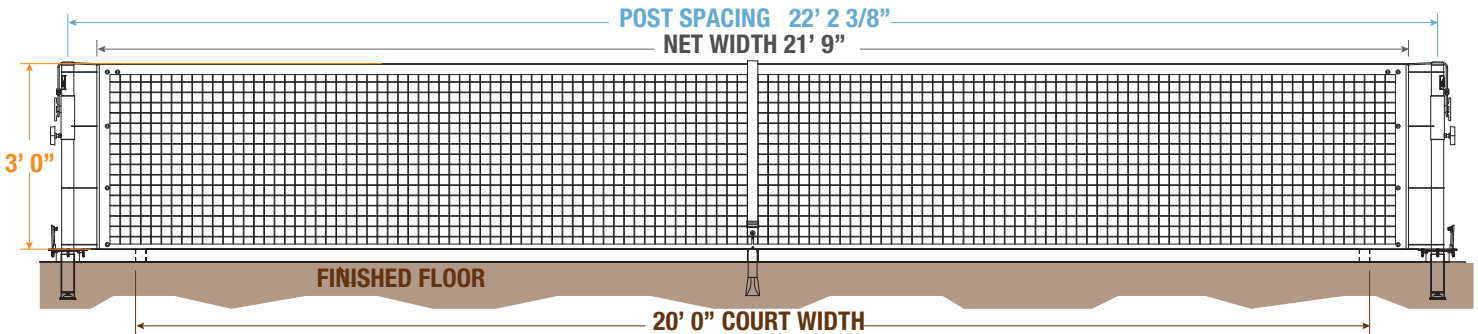

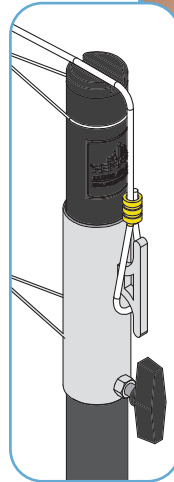

System is provided with center tie-down strap made from 2 1/8" wide white webbing and 9" long pipe anchor.

System requires floor sleeves and cover plate sold separately.
