

EXTERIOR ROLLER SHADES Exterior Crank-Operated FlexShade®

OUTDOOR SOLAR CONTROL

- The Exterior Crank-Operated FlexShade® window shade's crank handle provides added security by limiting unauthorized persons from operating shades. The crank offers precision control for quick and easy adjustments to raise or lower window shade(s) to exact desired height.

This exterior shade provides maximum solar heat gain reduction and creates a more comfortable indoor workspace for restaurants or commercial settings.

FEATURES

- Detachable crank handle (white) available in 48" (122 cm), 60" (152 cm) (standard) and 72" (183 cm) lengths.
- Side channels or cable guides available for secure operation in wind (secures hem bar only, not the fabric).
- Weighted hem bar stabilizes shade during operation.
- Porch or patio shades should be retracted in windy conditions.
- In coastal applications near salt water, some deterioration of the operator and bracket components may occur.

OPTIONS

- Hardware finish is textured powder coat available in white, black, ivory, sand, charcoal bronze, or silver (smooth finish).
- Custom powder coat colors available.

CHILD SAFETY NOTICE:

This product complies with ANSI/WCMA A100.1-2022 Child Safety Standard.
