

SPECIALTY SHADES FlexShade® Panels

PERFECT SOLUTION FOR SHAPED, HARD TO REACH OPENINGS

FlexShade Panels, NCAA Headquarters, Indianapolis, IN
Dealer: SPD Textile & Drapery, Inc. Photography: © Draper, Inc.

- The FlexShade® Panels window covering features a non-operable panel, sunlight filtration system for hard-to-reach openings. It is well-suited for skylights, sloped glazing in solariums, or odd-shaped openings.

FEATURES

- Extruded aluminum frame available in white, black, dark bronze, or clear anodized finish.
- Mounting with clips provides ease of maintenance and cleaning. Up to 8 clips with aluminum finish included.
- Gabled, triangular, trapezoid, or curved/arched panels available in limited sizes.
- Panels over 40" (102 cm) in length or width have centered cross brace.
- Cross braces permanently attached (standard) may specify removable.
- Product for interior and exterior use.

OPTIONS

- Hardware finish choices: white, black, dark bronze, or clear anodized finish.

SIZES

- Available in sizes up to 72" wide x 126" high (183 cm x 320 cm), depending on fabric selection.
