- When an operational shade may not be possible or a graphic shade is preferred, the Free Hanging Shade Panel is the solution. This panel makes it easy to match shades or provide coverage in difficult areas. It also offers the ability to hang a graphically-printed panel that can be changed seasonally. It features a stationary, non-operational panel with a hem bar at the bottom. Fabric is attached via a spline to a metal channel. Panels can be changed without removing any mounting hardware and can be wall- or ceiling-mounted.

SIZES

- Mounting channel dimensions are 1" h x $1\frac{3}{16}$ " d (26 mm x 21 mm).
